Presidents Report

S Mckelvie Tahr Ballot 2019

For those of you who don't know me I'm Shaun Mckelvie "Pinky" I've been part of the NZDA for a while now. I am a keen Thar, Chamois, deer and duck hunter have been since I was big enough to hold a gun. I have 3 daughters that are getting out an about with me now and am enjoying teaching or trying to teach them how to hunt. Although we haven't shot an animal yet its defiantly been an enjoyable challenge getting them out and about with me.

Hopefully you have all been receiving the emails from national NZDA there's been a lot of info coming in with updates from colfo and updates on rule changes and the proposed buy back scheme? And the membership issues that are being worked in case anyone hasn't seen it here is a letter from Rob Howey explaining where they are at .

[Email from Rob Howey regarding membership issues](#)

I am going to start by apologizing for the current state of the membership system. I know branches are getting concerned about the accuracy of the new system.

We have been struggling with the new system. Some of this is getting to understand how it works which has slowed down the normal processes in the office, but compounding this is the integration issues between our accounting system and the new membership system (Bitrix). The integration was supposed to be automated but unfortunately there is a bug in the interface which means the Membership records are not being automatically updated when paid.

What are we doing about it:

We have been working closely with our vendor to diagnose and understand the root cause of the issues.

We have also hired a temp to help with the backlog of work in the office.

Once we get all the invoice reconciliations up to date in XERO (our Accounting system) we will then cross reference each invoice to the membership system manually to ensure the accuracy of the data and financial status of the membership records.

This process may take several weeks for us to complete but it will mean that we will have confidence that the financial status of members is correct and that the branch clearing payments are correct.

If there is any question regarding a member's financial status we can resolve it fairly quickly by confirming the bank payment has been received. Membership will be honored from the date of payment.

If any branch is short of cash in the interim please contact me directly and we can arrange for an interim payment based on what we currently know and sort out the balance once the full reconciliation process is complete.

I can assure you that this situation will not re-occur next year as all the bugs will have been sorted out well in advance of the next renewal period.

NZDA

Hopefully as your reading this we would have got away on a club thar hunt but looking at the forecast now were going to be lucky we are still waiting on a good window of weather to get away at the moment.

Other than that I haven't had a chance to get away hunting at all otherwise, now that all the cows are dried off and most people are in winter cruise mode should be able to sneak out and have a look for a deer...

We have a good few months coming up with guest speakers this month Greg from Custom Guns

July Amie Point from Walking Access NZ

Lastly Thanks for the opportunity, We'd love to hear any new ideas guest speakers you'd like to hear from hunts you'd like organized? Any other suggestions?

Cheers Shaun Mckelvie

Editorial

Reform of the firearms law and its implications remains a major concern (or should be) for all who enjoy hunting (or target shooting). Where it all ends up it is hard to tell. The police are going to have their work cut out to collect the all now illegal firearms in the time frame that has been decreed by those in high places. No word as yet as to how much is going to be actually paid for them.

There is only a definitive number of police in New Zealand, what is going to be the cost to other aspects of law enforcement, resulting from the time now being spent on firearms issues?

There is a new anti-firearms group on the block with all of 15 members, but seems to be able to get the attention of the National press. They like their predecessors preach the message that everybody without a firearms licence are anti firearms. Which is absolute rubbish. For starters all under 16 years of age can't get a licence. Nor can anybody

deemed to be unsuitable get one (though I hear plenty of gang members have firearms and would in this case unfortunately be pro).

The truth is that the majority is neutral but won't stand up and be counted when fed whatever by the populist any news that suits their views is good news, news media.

They just go along with it too much else on.

The news media continues to have too much influence on how New Zealand and the world is run. They demand freedom of the press, but do they freely report the news? Those they favour are not corrected even when they make basic mistakes in the messages they are trying to deliver. Post March 15th we heard time and again about not allowing *racial discrimination in New Zealand* when they were taking about *religious discrimination*. (The wrong drum was being beaten.) But having said that discrimination is discrimination whatever type and should not occur.

Whatever the world continues to change often not for the best, but change continues to happen. I believe we are spending too much effort trying to revert New Zealand to a pre whatever date in time. When we should be trying to limit the effect of the likes of global warming on what we currently have.

Get out and enjoy what we have while we have it as it will change!!

Joke of the month

(I hope Irish Jokes are still allowed?! Perhaps to be consistent and politically correct they should not be, but never mind jokes have to be about something)

Catholic Dog

Muldoon lived alone in the Irish countryside with only a pet dog for company. One day the dog died, and Muldoon went to the parish priest and asked, 'Father, my dog is dead. Could ya' be saying a mass for the poor creature?'

Father Patrick replied, 'I'm afraid not. We cannot have services for an animal in the church. But there are some Baptists down the lane, and there's no tellin' what they believe. Maybe they'll do something for the creature.'

Muldoon said, 'I'll go right away Father. Do ya' think \$5,000 is enough to donate to them for the service?'

Father Patrick exclaimed, 'Sweet Mary, Mother of Jesus! Why didn't ya tell me the dog was Catholic?'

Donation

Father O'Malley answers the phone. 'Hello, is this Father O'Malley?'

'It is!'

'This is the Taxation Department. Can you help us?'

'I'll try!'

'Do you know a Ted Houlihan?'

'I do!'

'Is he a member of your congregation?'

'He is!'

'Did he donate \$10,000 to the church?'

'He will!'
